

A Living Faith

Let our faith be seen in the lives we lead
Pressing on from words unto truth and deeds
As Your perfect Law bares our flaws and stains
Let us heed its call to a living faith

Let our faith be felt by the poor and weak
Those the world would shun, let us love and seek
Make Your church the arms of our Lord's embrace
Where Your favor's felt in a living faith

Let our faith be heard in the words we say
And the silent grace of a tongue that's tamed
Let all boasts and cursing be turned to praise
Till our lives sound forth in a living faith

Let our faith grow stronger in every trial
Show us, by Your wisdom, within the fire
Every perfect gift from the Father's grace
Building up the church to a living faith
