

## We Sing Aloud

We sing aloud for God has won  
Deliv'rance through His conq'ring Son  
And His own Spirit's come to bring  
His life within, His song to sing

### Chorus:

*Give thanks always for everything  
To the Father, through the Son  
Give thanks always for everything  
By the Spirit filled, we sing aloud*

We sing aloud so all will hear  
And grow in faith and love and fear  
Till all the church is made complete  
In Christ, her Lord, a fragrance sweet

*(Chorus)*

We sing aloud but not without  
A heart that sings a silent shout  
Of honest praise that pleases Him  
And richly dwells in Christ within

*(Chorus)*
