

### **A Living Faith**

Let our faith be seen in the lives we lead  
Pressing on from words unto truth and deeds  
As Your perfect Law bares our flaws and stains  
Let us heed its call to a living faith

Let our faith be felt by the poor and weak  
Those the world would shun, let us love and seek  
Make Your church the arms of our Lord's embrace  
Where His favor's felt in a living faith

Let our faith be heard in the words we say  
And the silent grace of a tongue that's tamed  
Let all boasts and cursing be turned to praise  
Till our lives sound forth in a living faith

Let our faith grow stronger with every trial  
Show us, by Your wisdom, within the fire  
Every perfect gift of the Father's grace  
Building up His church to a living faith
