

## My Father's Care

O the sovereign power that guides me  
Every moment of my days  
O the weakness of my spirit  
That forgets and shrinks away  
So when faced with tribulation  
And my feeble understanding fails  
May I honor Him who holds me  
Trusting in my Father's care

When the storms of life surround me  
And the winds of worry blow  
I remember not a sparrow  
Falls, but God my Father knows  
Not a war can rise against me  
That's beyond His strength to overcome  
So I'll let my heart take courage  
Trusting in my Father's care

When my health and comforts fail me  
And I fear what lies ahead  
I remember His good purpose  
Is to heal through what I dread  
And from pride to fully purge me  
Till all strength is gone but what He gives  
So I'll joy in every trial  
Trusting in my Father's care

When my failings overcome me  
And my sins are all I see  
I remember Christ who suffered  
Setting guilty sinners free  
So when condemnation rises  
May I gladly let my burden go  
He is faithful in forgiveness  
I will trust my Father's care

Though the fig tree fails to blossom  
And the vine should bear no fruit  
Though the produce of the olive  
And the harvest yield no food  
Though the flocks be lost and scattered  
And no herds remain within the stalls  
Still, my joy shall fully flourish  
Trusting in my Father's care

Let His children know for certain  
They can trust their Father's care
