

Go Into the World

When Jesus ascended above
He left his disciples this urgent mission
To find all the children of God lost in sin

The mission's now handed to us
We're making disciples of every nation
Teaching them how to obey his commands

Chorus: *So now go into the world
Tell them about the Gospel of Jesus Christ
And go over the mountains, down in the valleys
Wherever they need to hear it
Go into the world
Carrying out the mission of Jesus Christ
And know He'll be with you when you go*

The road to destruction is wide
And many the souls that are trav'ling on it
If you've found the pathway of life
Make it known

Lift up your eyes to the fields
The harvest is ready but who will gather?
In the compassion of Christ
Rise and go

(Chorus x2)

Ending: So now go
